Emanuele Meloni

3D Rigger | Tech Anim | Pipeline TD

Rome, Italy · +39 3775444732 · emanuele.meloni1999@gmail.com · linkedin.com/in/emanuelemeloni99 · https://emanuelemeloni3d.com/

Technical Artist with over 4 years of experience specializing in advanced rigging within Maya and real-time interactive systems using Unreal Engine's Control Rig. I bridge the gap between complex mechanics and artist-friendly workflows by developing custom Python tools and UI across major DCCs (Houdini, Nuke, UE). With 2 years of experience architecting USD-based pipelines, I am dedicated to optimizing production data and streamlining collaborative 3D workflows.

WORK EXPERIENCE

Senior 3D Rigger | *March 2026 - July 2026*
Rabbit Games, *Warsaw - Poland (remote)*

Rigging Supervisor | *January 2024 - June 2026*
Moonshot CGI, *Rome - Italy (freelance - remote)*
- Supervise rigging for cinematic and commercial assets using Maya, Houdini, and Python
- Led rigging of dinosaurs and vehicles for Primitive War

Character Rigger Professor | *October 2023 - May 2026*
- **IED - Istituto Europeo di Design,** *Rome - Italy*
- **ITS Academy Apulia Digital**, *Bari - Italy*
- **AIV - Accademia Italiana Videogiochi,** *Rome - Italy*
- **TheSIGN Academy,** *Florence - Italy*

Rigging TD | *December 2025 - January 2026*
Red Raion, *Acireale - Italy (freelance - remote)*
- Developed production-ready character and creature rigs for a confidential project

Rigging TD | *April 2025 - August 2025*
We Are One World, *Belgium (freelance - remote)*
- Developed creature rigs for The Sphere (Las Vegas) show Insomniac x Tomorrowland: UNITY

Rigging TD and Pipeline TD |*September 2023 - March 2026*
Al-one s.r.l , *Rome - Italy*
- Built character and prop rigs with mGear and PyMel for the film Forest and the game Trash: Tale of Wastetown
- Created Python tools across DCCs to automate tasks and enhance pipeline efficiency.

Rigging TD | *January 2023 - June 2023*
Arx Anima, *Wien - Austria (freelance - remote)*
- Rigged characters and props for an animated production with modular, animation-ready setups

Junior 3D Rigger | *July 2022 - August 2023*
Rainbow CGI, *Rome - Italy*
- Created rigs for Disney Junior and Netflix series: Mermaid Magic, Blippi Wonders 3, Superkitties, and Pupstruction

SKILLS

Maya Rigging · Control Rig · Deformers & Skinning · mGear · PyMel · Tool Development (Maya, Houdini, Nuke, UE) · Python (PySide/PyQt) · USD Pipelines · Workflow Automation · API Integration · Git · VSCode · Problem Solving · Team Collaboration

LANGUAGES

Italian (Native Language) · English (B2) · Spanish (A2)

EDUCATION

Academic Degree in CGI | IED - Istituto Europeo di Design, Rome, Italy | *September 2019 - July 2022*
Grade: 110 with honors/110

High School Diploma in Surveying| I.T.Buonarroti, Frascati, Italy | *September 2013 - July 2018*
Grade: 85/100
